

SEVERE EARTHQUAKE OCCURS IN PANAMA SHORTLY BEFORE MIDNIGHT

Disturbance at Colon Heaviest Within Memory—Impossible to Determine Whether Gatun Locks Were Damaged

THOUSANDS FILL STREETS DUNNE DEFENDS CIVIL SERVICE COMMISSION

Houses Rocked and Population Aroused by Shock Felt from Panama City to Colon

TWO DISTINCT DISTURBANCES

COLON, Oct. 1, (Midnight).—A severe earthquake occurred here at 11:20 o'clock tonight. The disturbance was of nearly a minute's duration. Houses were rocked and the entire population was aroused. Thousands filled the streets and remained there in fear of the collapse of their houses.

The earthquake was the heaviest within memory. A second slighter shock occurred at 11:40 o'clock.

"The Gatun locks" was on everybody's lips, but it was impossible tonight to learn whether any damage had been done there.

The disturbance began with a slow oscillatory movement which gradually became more marked. Houses swayed, clocks stopped and articles of furniture were thrown to the floor. Many of the residents became panic stricken and women rushed from the homes with children in their arms. So far no damage of any serious nature has been reported.

Two Distinct Shocks.

Panama, Oct. 1.—Two earthquakes of an intensity much more severe than any disturbances since the Americans took possession of the canal zone occurred late tonight. They were felt from Panama City to Colon.

The first shock as experienced in the capital, was slight and was quickly followed by one of longer duration which shook buildings to their foundation. The church bells were set to ringing; doors were thrown wide open and residents were brought tumbling out of beds. The first movement lasted about five seconds. It occurred about 11:20 o'clock. The second movement was of ten seconds duration.

The people at midnight were gathered in the streets.

Jamaicans, who went through the disaster at Kingston and Italians, who have had similar experiences in their home country, were particularly alarmed.

According to the seismograph there were two slighter shocks, but they were hardly noticeable.

The general movement appeared to be from west to east. Those familiar with earthquakes said the movement was more of an upheaval than a vibration from side to side. There has been no severe damage to buildings and no damage to the canal is so far reported.

SERIOUS FLOODS MENACE LAKE CHARLES ON BOTH SIDES

Danger From Further Rise of River and Increased Overflow From English Bayou Threaten City.

Lake Charles, La., Oct. 1.—Menaced on one side by danger from a further rise in the Calcasieu river, stationary tonight, and on the other by an increased overflow from English Bayou, Lake Charles tonight is confronted with one of the most serious floods in its history. Backwater tonight from the bayou was flowing into one of the principal residence districts and raising at the rate of two inches an hour. Only the northern part of the city and a strip along the lake side six blocks wide remained entirely out of water. Boats have been distributed about the city ready for any emergency. The tracks of the Southern Pacific, the only railroad operating trains into the city, were a foot under water tonight. Rescue parties were sent out from here today to remove to high ground many persons marooned in farm houses east of the city, where water has covered the land from four to ten feet deep. Much livestock has been drowned, crops have been a total loss in some instances and saw-mill owners have lost thousands of dollars of logs that have floated out to the gulf.

STRIKERS BAR SUPERINTENDENT.

St. Louis, Oct. 1.—Two hundred and fifty pressers, trippers and laborers employed in the keg plant of the National Lead company at Granite City, Ill., refused to go to work today and warned an equal number of machinists and other employees not to enter. The pickets would not permit the superintendent to enter the plant.

The strikers are demanding a wage increase of three cents an hour, but the superintendent says no demands have been presented to the company.

EXPLOSION DOES HEAVY DAMAGE IN KANSAS CITY

BUILDINGS WITHIN A RADIUS OF THREE BLOCKS ARE DAMAGED

Scores of Persons Severely Shocked—Structure Where Explosion Occurred Was Completely Demolished—Hundreds of Windows Shattered.

KANSAS CITY, Mo., Oct. 1.—Buildings within a radius of three blocks were damaged and scores of persons were severely shocked by a terrific explosion in a small building supplied by the city park board to store supplies last night.

The building in which the explosion occurred was demolished and other structures in the immediate neighborhood were damaged. Hundreds of windows were shattered.

Members of the park board said there were no explosives in the building and they were unable to state what caused the explosion.

Despite the statements of the park board members the caretaker of the storage building said 150 gallons of gasoline and 750 pounds of powder were placed in the building a few days ago. He said thieves frequently of late tried to enter the building and believed the explosion may have been caused by such intruders.

All the windows in Battery B, army building, directly across the street from the storage building were broken and three dwelling houses were wrecked. No one was in these houses when the explosion occurred.

DU PAGE OFFICERS GIVEN FRESH HOPE IN SEARCH FOR SPENCER

Receive Knowledge That Suspect and Mrs. Rexroat Left Macomb on Same Train.

Chicago, Oct. 1.—Knowledge that Mr. Spencer, sought as the murderer of Mrs. Mildred Allison Rexroat, had visited the Rexroat farm at Macomb, Ill., and had left Macomb on the same train that had carried Mrs. Rexroat, the dancing teacher, away from her former husband, today gave the DuPage county authorities fresh hope in their hunt for the murderer. The information came from Everett Rexroat after District Attorney Hadley had offered him the option of telling his story or standing trial himself for the murder. Spencer, Rexroat said, had called at the farm as a picture agent. William Rexroat, Everett's father, added the information that after the departure of Spencer and Mrs. Rexroat on the same train, he had received letters stating that she was in a Chicago hospital and asking him to send her money.

Captain Halpin, chief of the Chicago detective bureau, today advanced the theory that Mrs. Rexroat had been killed in revenge and that the slayer had been a "gunman" hired to put her out of the way.

Captain Halpin discarded the theory that robbery had been the motive for the crime and that she had been killed for a \$400 diamond ring, when he learned that when the body was found Mrs. Rexroat's groves were still on her hands. He declared it highly improbable that the thief would take time to put the gloves back on the woman's hands after removing her gloves to take her ring. The police tonight began a search for the owner of a pool room here who has not been at his home since Saturday afternoon when he left saying he expected to meet a woman. He is said to answer the description of Mr. Spencer.

LARGE SUM USED FOR CHURCHES.

Freeport, Ill., Oct. 1.—A total of \$150,000 was spent for new churches in the Rock River conference territory of the Methodist church during the last year, according to the reports of district superintendents today. New churches in Chicago required \$300,000 of this sum. At the conclusion of a speech tonight by Rev. Harry F. Ward of Boston university \$500 was raised for social service work.

TAFT ACCEPTS INVITATION.

Princeton, N. J., Oct. 1.—Former Wm. H. Taft has accepted invitation of the board of trustees of Princeton university to attend dedication of the Grover Cleveland Memorial tower, on Oct. 23, the date on which the graduate college is also to be opened. President Wilson and former President Roosevelt also were invited but both expressed their regret at not being able to witness the ceremonies.

LANE TO LEAVE FOR WASHINGTON.

San Francisco, Cal., Oct. 1.—Franklin K. Lane, secretary of the interior, and Mrs. Lane will leave tomorrow for Washington, D. C. They plan to stay over a few days in Denver en route.

FARMER DIES OF HEART FAILURE.

Joliet, Ill., Oct. 1.—With his shepherd dog for years his chum and companion, James Ferguson, a farmer, was found dead in a field on his farm near Blainfield. Ferguson, who was a bachelor, was trimming hedge and is believed to have died of heart failure. The body was found by the twelve year old son of his housekeeper.

WILL NOT DESTROY PIEDRAS NEGRAS

Constitutionalists Will Afford Every Protection to Property Owned by Foreigners

ASSURANCE FOLLOWS PROTEST

War Department Orders That No Troops Be Sent Into Mexico Without Instructions from Washington

GENERAL BLISS MAY DEFEND BRIDGES

PIEDRAS NEGRAS, Mex., Oct. 1.—The city of Piedras Negras will not be destroyed and every protection will be afforded property owned by Americans and other foreigners during anticipated hostilities between the constitutionalists and federal army. This assurance was given American military authorities late this afternoon by a representative of General Jesus Carranza, constitutionalist commander, following vigorous protests made by the state department through United States Consul Blocker.

It had been reported that with the evacuation of the city by the constitutionalists, plans had been made to dynamite the town to prevent anything of value falling into the hands of the federalists in case their advance was not checked by the momentarily expected engagement south of here.

In communication to Consul Blocker and military authorities General Carranza expressed that he hoped that nothing would happen to cause the American soldiers crossing the international line.

Organize National Government.

Following the assurance, remaining residents of Piedras Negras with the assistance of Americans organized a national government and martial law now is practically in force. Fifty men were employed to guard property on reports that organized bands of robbers and business places.

The protests of the state department were presented by Consul Blocker and Major Caldwell of the Fourteenth United States Infantry in command of the troops at Eagle Pass. At the conclusion of their conference with the constitutionalist authorities, the Americans were greeted with cries of "Jefe de Uvas" (grape juice). On the American side soldiers patrolled the entire river front to prevent federal sympathizers crossing the border to begin a filibustering expedition.

From the front today came word that every bridge had been burned between this place and Peyotes. Where the constitutionalist army is gathered for its last stand before the victorious federalists in their march to the border.

It is now impossible to reach Piedras Negras from the south by rail and it is believed this measure was taken to prevent further retreat by the rebel army.

Tonight hundreds of wagons were still lined up before the international bridge awaiting an opportunity to cross to the American side. Women and children slept inside while men kept watch outside, guarding their families and such personal possessions as they had been able to carry in their flight. Most of them are of the poorer Mexican rural classes.

Those familiar with the situation believe that the danger of a general conflagration is past and that almost normal conditions will prevail unless irresponsible mobs should get control of the city.

War Department Issues Order.

Washington, Oct. 1.—Orders that no American troops be sent into Mexican territory at Piedras Negras without specific instructions from Washington went from the war department today to Brigadier General Bliss commanding the United States border forces. Full advice have been received from General Bliss and Consul Blocker concerning the critical situation existing at Piedras Negras as a result of its practical evacuation by the constitutionalists before the advancing federalists, but the Washington administration is confident that there will be no departure from its settled policy of non-intervention.

As the result of several conferences between Consul Blocker, Major Caldwell, commanding the American troops at Eagle Pass, Texas, and the constitutionalist officials at Piedras Negras, it was arranged that the constitutionalists would not attempt to destroy either of the two international bridges there. This had been demanded on the ground that the bridges were necessary to insure the safety of the Americans and other foreign residents in Piedras Negras.

May Defend Bridges.

The instructions to General Bliss would not operate to prevent American troops from returning any fire that may be directed upon them from the Mexican side, such as might be incident to the use of force to defend the bridges and keep them open. Several days ago General Bliss was authorized at his own request to take care of any of the Mexican wounded of either side that should come across the river. This authorization was said at the state department was quite sufficient to warrant the general in taking under his own care the six carloads of wounded constitutionalists reported to have

TWO KILLED IN NEW YORK CITY STORM

LIGHTNING STRIKES ELEVATED TRAIN AND SEVERAL BUILDINGS

Four Men Buried in Sewer Cave-in Are Rescued—Traffic Is Paralyzed For Several Hours—Property Loss Heavy.

NEW YORK, Oct. 1.—A rain storm that reached almost cloudburst proportions descended on New York this afternoon establishing a record precipitation that flooded streets, tied up the subway, hampered traffic and elevated traffic in city and suburbs for several hours and caused property loss that can scarcely be estimated tonight.

Two persons were killed and several injured. Four men were buried in a sewer cave-in, but were rescued. Lightning struck an elevated train and several buildings setting fires which the deluge extinguished.

Incoming trains from all directions were delayed as cuts and tunnels resembled rivers within canyons.

Within the city the traffic congestion was such that the resources of the transit companies and the ability of the police to handle the crowds were severely taxed. Brooklyn bridges saw the greatest traffic rush in its history. It was late tonight before transportation officers announced resumption of normal traffic. In New York the weather bureau established in 1871, recorded a new figure in amount of rainfall for two hours when 3.32 inches descended. Within approximately twelve hours ending about six o'clock tonight 4.86 inches fell.

Thomas H. Walsh, a train dispatcher, losing a pumping gang in the subway slipped and fell on the third rail and was killed. The other victim during the storm was Patrolman Hugh Clarke of Jersey City, electrocuted at his street call box, which had become charged after wires became crossed.

IMPORTATION OF GUARDS PUTS STRIKING MINERS IN UGLY MOOD

Military Officers Say Situation at Keweenaw District Is More Critical Than at Any Time During Strike.

Caimet, Mich., Oct. 1.—The importation of mine guards into the copper zone strike has put the strikers, especially in the Keweenaw district in an ugly mood according to military officers who say the situation is more critical than at any time during the strike. The mine guards are replacing the troops most of whom have been sent home and their reception by the strikers has been in marked contrast to the welcome extended the soldiers when the militia arrived. An additional sixty mine guards arrived today and they are now on duty at the Centennial and South Kearsarge mines. It is believed that many of the strikers are armed as there was much firing last night and early this morning in the Keweenaw district. Trouble is feared there and a troop of cavalry has been sent to Apokee mine to reinforce the artillery on patrol duty. No trouble of any consequence was reported tonight.

TWO MASKED BANDITS HOLD-UP SPRINGFIELD BARTENDER

Back Half Dozen Customers to the Wall, Secure \$300 and Escape.

Springfield, Ill., Oct. 1.—Two men, both armed with revolvers, wearing masks with handkerchiefs, tonight entered the saloon of Fred Elinger, backed a half dozen customers to the wall and forced the bartender to open the cash register and safe, secured \$300 and escaped.

When the bartender refused to open the safe, one of the holdup men struck him on the head with the butt of his gun.

HEARINGS TO BE IN JOLIET.

Chicago, Oct. 1.—Bankruptcy hearings in the case of James C. O'Connor, Joliet broker, indicted on charges of forgery will be held before Referee Sprague in Joliet.

Federal Judge Carpenter today granted a motion of attorneys for O'Connor's creditors transferring the hearings to Joliet. It was argued that most of Mr. O'Connor's financial interests are located in Joliet and that most of his creditors lived there.

been sent across the Rio Grande this afternoon by the fleeing rebels.

Regarding the disposition of the large number of fugitives who are trying to cross the bridges at Eagle Pass, it was said at the war department that as many of them as bear arms or are undoubtedly soldiers would be "detained" by the American military officers, while the immigration inspectors and customs officers will deal with the civilian refugees.

Department officials say that the situation at Piedras Negras, while interesting, is by no means serious nor does it threaten to involve hostilities between the Americans and Mexicans at that point.

Troops Arrive at Eagle Pass.

El Paso, Tex., Oct. 1.—Nearly 500 American soldiers arrived during the night at Eagle Pass, to lend their assistance in case of local trouble with the Mexicans. Rumors are current that some act will be committed to bring about intervention in case the constitutionalists are unable to stop the advance of the federalists at some point south of this city.

PROSECUTION RESTS CASE AGAINST SULZER

WILL ASK COURT TO DECIDE BEFORE OPENING DEFENSE

First Witness For Governor Is Said To Be Louis A. Sarecky, Sulzer's Campaign Secretary—Executive, Wife Expected To Appear.

ALBANY, N. Y., Oct. 1.—The assembly board of managers today rested their case today in the trial in the impeachment of Governor William Sulzer. The high court then adjourned until tomorrow afternoon when counsel for the government will submit several preliminary motions for the court to decide before opening the case for the defense.

This disposed of, counsel will probably ask permission to take another adjournment, before calling their first witness. This witness, it is said will be Louis A. Sarecky, the governor's campaign secretary whom counsel for the impeachment managers failed to put on the stand although he was under subpoena. Sarecky indorsed many of the checks given Sulzer during his campaign which were not reported in his sworn statement of campaign contributions.

Both the governor and Mr. Sulzer are expected to take the stand before the defense closes. The governor will defend his failure to report the numerous contributions on the ground that they were personal gifts Mrs. Sulzer. It is said will defend his alleged speculative transactions with testimony to show that they were conducted for her account. She is expected to tell the story of the loans she is said to have contracted with the Carnegie Trust company and seeks to prove that for the sole purpose of paying the loan the governor borrowed money from the stock exchange firm of Harris & Fuller on securities owned by her and did not speculate with the firm.

Lieutenant Commander L. M. Joseph, who paid a debt of \$26,752 contracted by the governor with Harris & Fuller, according to the attorney is expected to be another witness. He reached Albany today from New York where he arrived today from Europe. His testimony will be highly favorable to the governor.

Gray Testifies For Managers.

The final shot of the managers, was the testimony of John B. Gray, member of the brokerage firm of Fuller & Gray, which handled the "account No. 500" of Frederick L. Colwell. Gray testified that Colwell had told him this account was Governor Sulzer's. Gray also said he had contributed through Colwell to the governor's campaign fund upon a representation that it would bring him business and that one time Colwell said a bond he purchased was for a woman. The broker declared that he could not recall the name of the woman.

Attorneys for the managers expressed themselves tonight as well pleased with the testimony so far produced and say they have shown almost everything they promised.

BODY OF ATTORNEY IS FOUND IN RIVER NEAR KANSAS CITY

Police Are Working On Theory That He Was Murdered—Right Side of Face Cut From Neck To Top of Head.

Kansas City, Mo., Oct. 1.—The body of W. L. Cowden an attorney of Kansas City, Kan., was found late today on the Kansas River near here and the police are working on the theory that he was murdered. The right side of his face was cut from neck to the top of the head, apparently from the blow of an axe. Cowden's relatives and friends have been searching for him since last Saturday when he disappeared. Cowden left his office Saturday afternoon saying to his partner: "I've got a little bill to collect and will return soon."

Investigation showed that he collected the money, a very small amount, but no further trace of him was discovered until his body was found.

John Markas and his brother George, from whom Cowden collected a bill last Saturday, was taken into custody by the police tonight and held for investigation in connection with Cowden's death. They live at Kaw Point, near where the attorney's body was found.

FIND POISON IN STOMACH.

Chicago, Oct. 1.—The inquest over the body of Charles C. Wheeler, formerly city treasurer of Syracuse, N. Y., was halted today when Coroner's Physician Springer announced that an autopsy had revealed poison in Wheeler's stomach. His body was found in a hotel room yesterday.

CONFESSES PATIENT WAS FATALLY BEATEN

Former Kankakee Attendant States Holst Was Thrashed to Keep Him in Bed

IMPLICATES TWO EMPLOYES

Prisoner Declares John Mahan and a Third Attendant Did the Beating While He Held the Patient

AUTHORITIES ALSO ARREST MAHAN

KANKAKEE, Ill., Oct. 1.—Blows dealt Carl G. Holst, Paxton, Ill., an insane patient 78 years old, so that he suffered six broken ribs and later died, were the methods employed to keep him in bed at Kankakee state hospital for the insane, according to a confession made today by William Wolfe, a former hospital attendant. Wolfe is under arrest charged with murder. He implicated John Mahan, a hospital employee who also was arrested and another former employee, who has not been apprehended.

Holst died in hospital last March. A few days after he had been received as a patient, his was removed, because of his restlessness, to a ward where the less tractable patients are kept.

He insisted on getting out of bed and it was because of this that he was fatally beaten. Angry because of the patients' attitude, Wolfe said, he decided to "fix" him so he would remain in bed. Wolfe stated that he proceeded to hold Holst while Mahan, and the third employee did the beating.

The next day a physician found that Holst's ribs were broken and that he was badly beaten about the face and body. He died a few days later from his injuries.

Wolfe's confession was made to State's Attorney W. H. Dyer. In it he said he wanted to make a "clean breast" of it as he was satisfied the authorities had sufficient evidence against him.

State's arrest Wolfe has been in jail unable to furnish bond. "Holst would not stay in bed," Wolfe said in his confession. "Then Mahan said 'we will put him in bed and keep him in bed.'"

"Mahan told me to hold the patient's hand and he and the third employee held him around his neck and strangled and beat him up. They struck him for quite a while and I kept holding his hands."

Holst did not get up the next morning and a doctor came in to see him. Mahan said "now listen, this fellow is going to the hospital. He is beat up pretty bad. If they ask you anything about it say that he would not stay in bed and fell across the foot of the bed. Don't tell anything else." Mahan was in charge and it was because of his orders that I held Holst's hands while they beat him."

DAMMYER SUICIDES.

Houston, Tex., Oct. 1.—William M. Dammyer, said to be a business man of Indianapolis, Ind., severed the arteries in his wrists today with a tin tobacco tag and bled to death while under detention because of his peculiar actions. The man was dead when attendants at the city prison went to the detention room to rouse him this morning.

CAUCUS APPROVES TARIFF MEASURE

Senate Democrats Adopt Report
of Conference Committees
After Heated Discussion

ABANDON POSITION ON TAX

Amendment to Tax on Trades in Cotton
Futures Voted Down—Matter Is
Left for Later Legislative Action

LONG BATTLE OVER THE PROVISIONS

WASHINGTON, Oct. 1.—Disaffection among Democratic senators which today prevented final action on the tariff bill was dissipated under a heated caucus discussion and this evening the caucus approved the bill as reported by the conference committee of the house and senate. The six Democrats voted against approving the report. The caucus decided to abandon its position on the proposition in the bill to taxing dealings in cotton futures and to leave the entire matter for later legislative action. Both the amendment of Senator Clark of Arkansas, written into the bill in the senate and the less drastic administration substitute presented by House Leader Underwood and adopted by the house will be thrown out by the senate Democrats.

May Agree to Drop Tax.

After the caucus Senator Simmons said he was confident that the senate would complete its consideration of the tariff bill tomorrow. He said a motion would be made first to agree to the conference report and that then he would move to disagree to the Underwood cotton tax amendment and also to recede from the senate amendment. With the bill thus disposed of by the senate, the house probably would agree to drop the cotton future tax provision for the present and send the tariff bill to the president.

Senator Simmons expressed confidence that there would be no desertions from the Democrats who voted for the bill on its original passage in the senate, when the measure appears tomorrow. A resolution proposing to bind the Democrats by tonight's caucus was offered by Senator Lewis of Illinois, but was withdrawn with the understanding that the binding nature of former tariff caucuses applied to the entire consideration of the tariff bill.

While Senator Simmons expects to finish the bill tomorrow the desire of Republican and Democratic senators to discuss the provisions of the conference report may delay final action.

Battle Over Provisions.

Today's caucus, which extended into the evening, battled loud and long over various provisions in the bill.

Chief among these were the tax of \$1.10 a gallon on grape brandy used to fortify sweet wines, against which Senator Pomerene of Ohio voiced strenuous protests; the differential between wire rope and wire in completed cables which was fixed by the conference; and the proposition of Senators Reed of Missouri and Hughes of New Jersey and the arrangement of the paragraph including cast iron pipe. Senators Reed and Pomerene framed a resolution directing that the conference report be sent back to the conference committee with instructions to alter these provisions. But Senator Simmons, in charge of the bill, moved as a substitute that the conference report be accepted. His motion was carried by a vote of 33 to 6. Senators Reed, Pomerene, Vandaman, Hollis, O'Gorman and Hughes voted against it.

Senators who supported the Clark amendment taxing cotton futures expressed strong objection to the administration substitute and declared they would prefer to allow the entire matter to go over for special legislation rather than accept the Underwood provision. This plan was finally adopted without a vote.

Discuss Currency Measure.

The possibility of altering the administration currency bill to provide for a central federal controlled bank, the country was discussed today before the senate banking and currency committee by Charles A. Conant of New York financial expert. Owing to the senate's troubles over the tariff the Democrats of the committee left the examination of Mr. Conant to the Republicans, while they attended the tariff caucus. Mr. Conant recommended the central federal institution as a vast improvement over the system of twelve regional banks as at present proposed in the bill.

Tomorrow the committee will hear a delegation of bankers from Indiana and before the end of the week delegations from Texas, Mississippi and Louisiana are scheduled to appear.

Expects No Currency Legislation

Ogden, Utah, Oct. 1.—That there will be no currency legislation during the special session of congress because of general demand for a most careful review of the measure in the United States senate is the opinion expressed here today by Senator Sutherland. The senator said: "While it is an administration measure it has received so much adverse criticism that many Democratic senators are far from satisfied with the bill in its present form. I look for this currency legislation to extend far into the regular session of congress."

STATE NEWS.

Boys Had Good Earnings—Sixty-five boys in the Edwardsville High School earned \$3,000 during the summer vacation according to a statement made recently by Supt. Ford. The boys averaged \$44.71 each.

Coal Worth Millions—According to statistics recently compiled by N. W. Goetz of the department of mines and engineering of the State University 59,855,220 tons of coal were mined in Illinois during 1912. The coal was valued at \$7,254,338.

To Contest Will—There will likely be a contest over the will of the late Balz Meisinger of Pekin who left quite a valuable estate to his adopted son. Two sons and daughter are not satisfied with the will and are planning to break it.

Joliet School Board Buys Land—In order to make preparation for taking care of pupils next year the Joliet school board has purchased two school building sites. For one they agreed to pay \$4,000 and for the other \$5,200. Conditions have become congested in the Joliet schools on account of the growing population and the board is making plans accordingly.

This Minister Has Money—Rev. J. A. J. Whipple, a Methodist minister who in recent years has held charges at Joliet and Waukegan has just purchased a tract of land at Highland Park fronting on Lake Michigan for which he paid \$45,000. He is said to have made the purchase as an investment. The property is near the homes of Julius Rosenwald, Montgomery Ward and other wealthy Chicagoans.

Great Record in Corn Field—Edward Ostendorf whose home is at Edwardsville claims to be the champion corn shucker and is ready to meet all comers. He recently cut forty shocks in one day's work. Ostendorf is twenty years of age and very strong.

More Care Needed About Water Supply—Prof. White of the University of Illinois has just issued a statement in which he calls attention to the fact that cases of typhoid fever are more prevalent on the farms than in cities. He gives as a reason that not enough attention is given to wells in the country and that drainage from barn yards often goes into them.

Found Dead in Field—Arthur Meeker a young farmer living near Manito was found dead in a field near Manito Tuesday. It is supposed that Meeker died from heart disease.

After Joliet Autoists—Chief chauffeur examiner for the state, W. R. Dillon, with assistants is now in Joliet where war will be made on violators of the automobile laws. It seems that there are not only many offenders up at Joliet but also the cars going about with last year's number plates attached are numerous. Other violations of the state laws are also said to be frequent in the penitentiary city.

Sues Collinsville For \$5000—G. Janghans has entered suit against the city of Collinsville for \$5,000 damages, alleged done to his pasture by the overflowing of the city septic tank.

Patient Feared Being Boiled Alive—Gus Leech and Richard Tucker, two attendants at the Peoria State Hospital at South Bartonville, were given a hearing in the police court before magistrate Barnett, as the result of the trouble that occurred at 1 a. m. Monday morning in outrage 4-4, one of the violent wards of that institution. In the disturbance William Bloss, who attempted to kill them, was subdued only after a violent struggle.

Bloss is badly hurt, with broken ribs and a bruised and cut head, but the evidence showed the attendants in no way to blame, and the case against them was dismissed. Bloss had the delusion that the attendants were going to put him in boiling water.

Will Sell Mines at Springfield—On Saturday, Nov. 15, the Illinois Collieries company, a \$2000,000 corporation, owning mines in Sangamon, Montgomery and Bond counties, will be sold at auction by Master in Chancery John M. Pfeiffer to satisfy the claims of bondholders.

Notice to this effect has been issued in accordance with the order of Judge Creighton of the Sangamon county circuit court.

Less Building in Capital City—Labor troubles are responsible for the large decrease shown in building operations for the current year, according to Building Inspector Edgar L. Offelbacher of Springfield, whose report shows that during the nine months just elapsed he has issued permits for buildings with an estimated cost of \$695,394. This compared with a total of \$1,040,802 for the first nine months of the year 1912, shows a falling off of \$345,508.

Mr. Jacksonville Merchant:

DEAR SIR—A city is known by its 'electric signs' This is no figure of speech. A stranger flees the dark town as though it was a graveyard. For the same reason a bright town is like a joy ride.

Jacksonville is sitting up and 'rubbing its eyes.' Let's make it a real awaking. No use saying we can't. Little dinky towns are booming things strong. Electrical advertising has done for cities and towns what Jacksonville is waiting for. Advancement will come by the liberal use of ELECTRIC SIGNS.

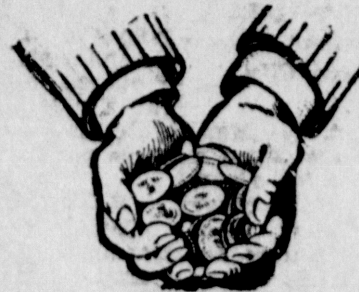

Phone us. We have a specialist on electric advertising with us for a few days.

Very truly yours,

SATAN AND POPULAR AMUSEMENTS

Dr. Rees Discusses Evil of Card Playing and Dancing—Enthusiastic After Meeting Follows Service.

THE SUBJECTS ANNOUNCED TODAY.

3:00 p. m.—Service for women only. "Some Things That Keep Women From Becoming Christians."

7:00—Simultaneous Men's and women's meetings, at the tent; for women, "Twentieth Century Sodom, Revised," in charge of Dr. Rees. In North-minster church, for men, in charge of the Rev. F. A. McCarty.

Friday.

3:00 p. m.—Collage prayer meetings.

7:00 p. m.—Students' night, "Four College Chums."

Sunday.

3:00 p. m.—For men only. "Reason's Why Men Are Not Christians."

The Devil and his relation to modern America's modes of amusement was the theme Wednesday of a gripping discourse by Dr. Rees, entitled "And Satan Came Also." Another record-breaking week night audience, including a large number of people from the country, heard the evangelist analyze the danger from popular amusements, the dance cards, the Sunday paper and the theater.

For the services today arrangements have been made for a strong program of music. A number of I. W. C. and high school girls will sing at the women's meetings and male quartet will sing at the men's meeting in Northminster church. Mr. Read, the pianist, will play in the church. Wednesday evening Mrs. Rees sang as her solo selection, "Jesus Is All the World to Me."

The Power of Satan.

Dr. Rees spoke on the first Chapter of Job 6th verse "There was a day when the sons of God came to present themselves before the Lord and Satan came also among them."

Satan is my Taeme.

Who and what is Satan?

The terms Satan and the Devil are used sometimes in the Bible synonymously, sometimes differently. For example the term Devil is applied four times to persons in the New Testament. Satan seems to be used as a proper name for his majesty. "And I beheld Satan, like lightning, fall from heaven." Having been cast from heaven he is angelic in the sense he is super human in power, wisdom and energy. Any person who thinks Satan is a fool, will be fooled by him many times. So first, I come to urge you to beware of him because he came also. I would not say he was omnipresent, yet he may be expected any time at any place.

We expect him in the saloon and gambling pen and houses of ill-fame, but the sons of God came to present themselves before the Lord and Satan came also. He gets in the pew, and pulpit, among class leaders in the Sunday school, prayer meeting, ladies' missionary societies, sometimes into the choir. He gets into our thoughts and homes. We will be exceedingly wise if we will watch and pray lest we enter into temptation.

He comes to you saying that there is no harm in Sunday visiting, not to call on the sick or relatives, but turning the Lord's day (as is the custom in some localities), into a visiting day, leaving the pews empty. He will suggest that there is no harm in reading cheap literature. I do not know what Mr. Moody would say if he were living now. But I think he would affirm that the most formidable foe was the extreme sensational Sunday newspaper. I think it would be to the betterment of our homes and improve the sanctity of the sabbath if we would keep this kind of literature out of the home. Satan will come with the suggestion that there is no harm in taking the occasional glass or keeping the "booze" in the cellar.

He will say there is no harm in going to the theatre, that there is no harm in playing cards. But you ask "Do you think it better for me to stay at home and play with my boy than to have him go out at night and play?" Is card playing an accomplishment of your son? When he finishes his apprenticeship or college here and they give him a very fine recommendation and then add a postscript. "This young man can play as good a game of cards as anyone in the city." will it help him?

Satan will say to you "There is no harm in dancing." Is there any harm? A young woman was keeping company with a young man. She was a member of the church and he made no profession. One night at a ball he asked him if he were a Christian. He said "No" and neither are you, or you wouldn't be here." Card playing, dancing, theatre going are never conducive to spiritual development, or christian influence. Prof. La Floris of San Francisco, said some time before the earthquake that of the 2,500 women who were living lives of sin in that city at least three out of every four were lead into that life by the influence of the dance.

Harmon's
DRY GOODS STORE

Jacksonville, Ill., September, 1913.

DEAR FRIENDS AND PATRONS:—

The Fall season is now upon us—with real winter "just around the corner." As the mercury drops from day to day, and the chilly winds blow, you are brought face to face with the agency of procuring cold weather wearables. New dresses are to be bought—gloves, hosiery, underwear for the whole family, warm blankets—and the hundred and one other things that contribute to your comfort.

It is at just such a time that I desire to come into closer touch with the public and tell you in this personal sort of way of this store—its goods—its service.

As I look over the gigantic stocks that fill every shelf, showcase and counter and recall what a thorough search of the market has been made to accomplish this result—how fashion's latest whims were met—how carefully the dependability of every article purchased was investigated—and how bargain after bargain was driven—I feel at liberty to extend an invitation broadcast to every woman in Jacksonville's trade limits to bring her dry goods wants to this store, with full confidence that her every need can be satisfactorily filled.

Perhaps some of you who read this letter have never visited this store—and do not know that it is "the Store for Dress Goods and Silks." If so, we extend to you a special invitation to investigate our claim. Come in some day this week, look around, note the low prices on the many beautiful things you see displayed, and see if you do not discover as many others are doing daily, that this is a splendid place to trade.

You will find our sales force to be courteous and pleasant to deal with, thoroughly posted about fabrics and styles and a real help in selecting goods for your special requirement.

The styles in women's apparel this season are more attractive than ever—gorgeous effects are sought after and are developed chiefly from broadened weaves. We are prepared to meet this demand to the perfect satisfaction of the most critical. Our dress fabric section is the wonder section of the whole store. It is kept right up to the minute in styles and down to bed-rock in prices.

Trusting that I may soon have the pleasure of meeting you in the store, I beg to remain,

Yours Respectfully,

E. B. HARMON.

WARRANT ISSUED FOR TEACHER.

Miss Della Kepler Charged With Beating Pupil Into Insensibility.

A warrant was issued in 'Squire Coons' court Wednesday for the arrest of Miss Della Kepler, teacher in the Buckhorn school, on a charge of assault and battery. The complaint was made by Jeremiah Flynn, who alleges that on Tuesday, September 30, Miss Kepler struck his son, Charles Flynn, on the head with a heavy stick and that he was unconscious for two hours. The warrant will probably be served this morning and the hearing held sometime today.

ON LOOKOUT FOR BURGLES.

Two revolvers and a prayer book, the property of John W. Chadwick, are missing from the home of Mrs. Mary Rook of south of the city, which was entered recently by burglars. In a communication to this paper, Mr. Chadwick, who is the nephew of Mrs. Rook, says that the thieves entered the house through a back window and being unsatisfied with the above mentioned articles, attempted to fire the house with some old newspapers. Mrs. Rook is on the lookout also for persons who entered her chicken roost last week and made away with fifteen birds. Mr. Chadwick says that he hopes "the burglars make good use of the prayer book for the betterment of their sinful souls."

A watch given free with each boy's suit at Garland & Co.

WILL MAKE NOMINATIONS TONIGHT.

MINNEAPOLIS POLICE ARREST HENNING, WANTED IN CHICAGO

Fugitive Charged With Conspiracy Against Clarence S. Funk, a Witness in the Lorimer Senatorial Trial.

Minneapolis, Minn., Oct. 1.—John C. Henning of Chicago, was arrested here today and is held as a fugitive from justice. He is wanted in Chicago on a charge of conspiracy against Clarence S. Funk, a witness in the Lorimer senatorial trial. He has been here two weeks, registered at a hotel as George S. Ball, but when approached by detectives today admitted his identity.

Henning's presence here was discovered last Wednesday by a Minneapolis man who saw him at the trial brought by Henning against Funk for alleged alienation of his wife's affections. He sent a telegram to Funk's attorneys in Chicago and a representative came here. Since the attorney's arrival Henning has been under surveillance by private detectives. John B. Henning of Chicago, arrested here today, here today, charged with being a fugitive from justice, left tonight for Chicago to stand trial on a charge of conspiracy, having waived extradition. He is accompanied by Detective Hatfield.

Sued Funk for Alienation.

Chicago, Oct. 1.—John C. Henning, under arrest in Minneapolis, sued Clarence S. Funk, then general manager of the International Harvester company for \$50,000 damages for alleged alienation of the affections of Mrs. Henning. A jury found for Funk on June 20, 1912, and he immediately swore out a warrant charging Henning with perjury. Today's information of Henning's whereabouts was the first since that day. Meanwhile Henning's attorney, Daniel Donoho, and two of his witnesses were indicted on charges of conspiracy to defame Funk's character. It is claimed by Funk that Henning's suit was inspired as a revenge for the former's testimony adverse to Senator Lorimer before the senate investigation committee.

LAMBERTO RELEASED ON BOND.

John Lamberto, who has been in custody with the killing of Smith, an unknown negro, near Yeoman station last month was released yesterday on a bond of \$10,000. Among those who went on his bond were Daniel McCarthy, Miss Maggie McCarthy, James Kenny and Daniel Kenny. Little trouble was encountered in raising the money as a feeling friendly to the Italian has existed since the cessation, on account of the killing, of marauding expeditions and attacks on property along the right of way. Lamberto was aided also by an Italian organization of which he is a member in Springfield.

TO SET DATE FOR HEARING.

Chicago, Oct. 1.—A date for the hearing in the United States circuit court of appeals of the cases of Frank A. Ryan, former president of the structural iron workers' union and twenty seven other men convicted in the labor trials at Indianapolis, will be set Oct. 7th. The men were found guilty of assisting in the interstate transporting of dynamite. Attorneys Elijah N. Zoline and Chester H. Krum will defend the appellants and District Attorney Charles W. Miller of Indianapolis will represent the government.

MAJOR RANDALL DIES.

Winona, Minn., Oct. 1.—Major R. J. Randall, three times a member of the territorial legislature and later a member of the state legislature, died today after a short illness. Major Randall led a force of civilian fighters against the Indians at Fort Ridgeley in 1872, successfully defeating 300 refugees. He was 60 years old.

ROBBERS DYNAMITE SAFE.

Fort Smith, Ark., Oct. 1.—Robbers who today dynamited the vault of the First State bank at Dardanelle, Ark., and after exchanging shots with citizens, escaped with approximately \$4,000. The interior of the bank building was damaged to the extent of \$2,000. Late tonight the bandits had succeeded in eluding half a dozen posses which are scouring the country.

WORKERS DEMAND INCREASE.

Cleveland, Ohio, Oct. 1.—Demands for a substantial increase in pay were today submitted to the National Window Glass Manufacturers' association by the Glass Workers. The manufacturers took the proposed scale under advisement. Under the scale a thirteen to fourteen per cent increase is sought for the 5,500 men affected.

SENATOR LODGE IMPROVING.

Nahant, Mass., Oct. 1.—Danger of serious eczema from the operation to which United States Senator Henry Cabot Lodge submitted last Friday for the removal of a grassy ulcer, has passed, the attending physician announced tonight. The senator is now able to sit up in bed.

BURNED MAN MAY LIVE.

Joliet, Ill., Oct. 1.—John Swanson, who was burned at the steel mills here, will live, it is believed, after an operation in which 84 square inches of skin was grafted onto his body. Fellow workmen gave up the skin necessary for the operation.

It was reported yesterday that Rev. Father Crowe, who went to Springfield to attend the funeral of Mother Regina, was taken suddenly ill and was at St. John's hospital. Rev. Father Formaz stated last night that he thought there was no occasion for the report.

Washington, Oct. 1.—Judge Mack of the commerce court was assigned by Chief Justice White today to the United States district court and circuit court of appeals at Chicago because of congestion of litigation there. The assignment is for the months of October, November and December.

JEROME CULP WEDS

MRS. GUSSIE GORDON

Were Wedded Wednesday Evening at Woodson by Dr. G. W. Miller—Marriage Came as a Surprise to Their Friends—Other Weddings.

The marriage of Mr. Jerome Culp and Mrs. Gussie Gordon, of Woodson, last night at 9 o'clock came as a surprise to their many friends. The ceremony was performed by Dr. G. W. Miller. The bride, a daughter of Mr. and Mrs. John Henry, is well known in this vicinity, having taught school in her home community and in the public schools of Jacksonville. Mr. Culp is one of the substantial farmers of the Woodson neighborhood.

Phelps-Ricks.

H. Alden Phelps and Miss Ethel Ricks, were married Wednesday afternoon at 3 o'clock by Rev. F. A. McCarty at his residence on West College avenue. Rev. Milton Beebe of Bluffs assisted in the ceremony. The attendants were C. O. Phelps, a brother of the groom, and wife. Following the ceremony a wedding luncheon was served at the home of the bride's parents.

The bride is a daughter of Mr. and Mrs. John Ricks, 733 Allen avenue. She attended the public schools and is a young woman of many true friends. Mr. Phelps is the son of Mr. and Mrs. T. C. Phelps of South East street and is a member of the electric firm of Phelps & Walsh, who conducts a store in Jacksonville and one in Beardstown.

The young people have already gone to Beardstown and will reside at 514 West Second street.

Vahe-Tendick.

The marriage of Hector Alexander Vahe of Decatur and Miss Flora Belle Tendick was solemnized at the parsonage of the Central Christian church at 2:30 Wednesday afternoon. Rev. Clyde Darsie officiating. The bride is a daughter of Mr. and Mrs. William Tendick of 993 West Morton avenue and received her education in the public schools. Mr. Vahe is a machinist employed in the Wabash shops at Decatur. After a brief visit here, the young people will go to Decatur, where they expect to make their home.

Robinson-Atkinson.

The marriage of Ward R. Robinson secretary of the Illinois Civil Service Commission and Miss Dorothy Blake Atkinson, daughter of Mrs. Francis B. Atkinson of Chicago, was solemnized in Chicago Wednesday night at the home of the bride, Rev. Jenkins Lloyd Jones officiating. Both of the young people are known in Jacksonville. The bride is a writer of some note and has frequently published articles in the Chicago Tribune over the nom de plume of "Sally Joy Brown." Mr. Robinson is a son of W. B. Robinson, supreme recorder of the Court of Honor and for the past two years has been secretary of the Illinois State Civil Service Commission.

Yates-Chatterton.

The marriage of Henry Abner Yates, son of Mr. and Mrs. William Yates and Miss Margaret Chatterton, daughter of Mr. and Mrs. George Chatterton of Springfield was solemnized Wednesday morning at 11 o'clock at St. Paul's Episcopal church. Rev. Edward Haughton officiating.

The bride was attended by her sister, Miss Elsie Chatterton, as maid of honor, and the Misses Katherine Chatterton, a cousin; Frances Kibb, Mary Jane Ridgely and Zoe Schotten of St. Louis, as bridesmaids. Russell Yates, a brother of the groom, acted as best man and the groomsmen included: Clifton Good, Alexander Starne, Leo Fisher, Goin Lamphier, George W. Chatterton, Jr., and Harold Patton.

The bride wore as her wedding gown a beautiful costume of white voile trimmed in ermine heads and tails with a panne velvet hat of white trimmed in ostrich plumes. She wore a corsage bouquet of lilies of the valley and orchids.

The newlyweds will spend their honeymoon at Elkhart and will be at home to their friends in Springfield after October 15. He is a special agent for the Hartford Insurance Co.

Armstrong-Davis.

The wedding of Miss Maude Davis, and Mr. Charles W. Armstrong of Jacksonville, Ill., was solemnized at the home of the bride's grandparents Mr. and Mrs. Richard Coultas in Winchester Saturday evening, Sept. 27 at 7:30 o'clock. Squire James Andell pronounced the ceremony which united the lives of these two well known and deservedly popular young people.

The bride is a most winsome and accomplished young lady whose pleasant manners and sunny disposition makes her a general favorite with all who know her, and she is endowed with those womanly graces that go to make up a happy home.

The groom is the oldest son of Mr. and Mrs. M. C. Armstrong of Jacksonville, Ill., and is a highly respected young man and held in much favor by his friends. He is a cigar maker by trade, and is now a holding a position with the cigar firm of Hunter & Saegar in Beardstown.

For two years he was employed at F. R. Waters cigar shop in Winchester.

The young people have a host of friends who wish them a long and happy married life.

LAY PETITION ON TABLE.

Washington, Oct. 1.—The house judiciary committee today laid on the table the petition of D. T. Blodgett, convicted of robbery in the Iowa federal courts, asking for an investigation of Justice Vandenter's refusal to grant him a writ of habeas corpus.

THREE CHILDREN BURNED.

Fort Smith, Ark., Oct. 1.—Three children of John Thomas, a cotton planter living in Oklahoma near Fort Smith, were burned to death today in a fire at their home. The fire was caused by an explosion of oil with which an attempt was made to start a kitchen fire. The children were 6, 9 and 11 years of age.

NEXT SUNDAY IS ANNIVERSARY OF WORTHY WORK.

Next Sunday will be the twentieth anniversary of the work of Mrs. Sarah Cocking among the prisoners. For a score of years, whenever she has been in the city, Mrs. Cocking has held Sunday services at the jail. She has held other services also, whenever the occasion arose, showing herself at all times willing to sacrifice for the good of the unfortunate. She has supplied the prisoners with reading matter and showed her interest in those under the condemnation of society in ways too numerous to mention.

FIND BODY HANGING TO TREE.

Chaffee, Mo., Oct. 1.—A mysterious murder was revealed here today when the body of Robert L. Tisdale, a real estate agent of Cape Girardeau, Mo., was found hanging from a large oak tree, just east of this city. The man's neck had not been broken and there was no indication that he had died of strangulation. Pieces of rope found near the body and tracks in the road have opened the theory that he was killed elsewhere and dragged to the tree where the body was hanging after life was extinct.

SETS UP NOVEL ALIBI.

San Francisco, Oct. 1.—Fred Brokaw, in custody here awaiting extradition of a Pittsburgh warrant charging assault to commit robbery, set up a novel alibi today. Brokaw told the police he had a prominent position in a street crowd that figured in motion pictures taken here Sept. 15. His alleged crime was committed in Pittsburgh, Sept. 8.

Why is the soda cracker today such a universal food?

People ate soda crackers in the old days, it is true—but they bought them from a barrel or box and took them home in a paper bag, their crispness and flavor all gone.

Uneda Biscuit—soda crackers better than any ever made before—made in the greatest bakeries in the world—baked to perfection—packed to perfection—kept to perfection until you take them, oven-fresh and crisp, from their protecting package. Five cents.

Good Time Now For Blood Health

Energies Are More Keen and Respond Quickly to Help.

If you are down with rheumatism; if you sneeze, feel chilled, are choked with catarrh, have cough, or your skin is pimply and irritated with rash, eczema, or any other blood disorder just remember that all the ills of life come from impure blood. And you can easily give your blood a good thorough cleansing a bath by using S. S. S. There is no need for anyone to be dependent upon the illness of blood impurities. No matter how badly they attack the system, or how unsightly becomes the skin, just remember there is one ingredient in S. S. S. that so stimulates the cellular tissues throughout the body that each part selects its own essential nutriment from the blood.

This means that all decay, all breaking down of the tissues, is checked and repair work begins. S. S. S. has such a specific influence on all local cells as to preserve their mutual welfare and afford a proper relative assistance to each other. For many years people relied upon Mercuric, Iodine of Potash, Arsenic, "Physic," Cathartics and "Dope" as remedies for blood sickness, but now the pure vegetable S. S. S. is their safeguard.

You can get S. S. S. in any drug store, but insist upon having it. And you should take no chance by permitting anyone to recommend a substitute. And if your blood condition is such that you would like to consult a Specialist freely, address Medical Dept., The Swift Specific Co., 213 Swift Bldg., Atlanta, Ga.

POSTAL RECEIPTS FOR CHICAGO OFFICE SHOW GREAT INCREASE

Receipts for Month of September Are 26.5 Per Cent Larger Than For Same Month in 1912.

Chicago, Oct. 1.—Postal receipts for the Chicago office for September showed one of the largest monthly increases in the history of the office being 26.5 per cent larger than for September 1912. The total receipts for the month computed today were \$2,321,086.97.

Postmaster D. A. Campbell attributed much of the increase to the parcels post but explained that the use of ordinary stamps on parcels prevented any accurate estimate of the actual amount of parcels business.

STANFORD'S NEW PRESIDENT INSTALLED.

Palo Alto, Calif., The trustees of the faculty and the undergraduates of Leland Stanford, Jr., university, and many alumni of that institution assembled early this morning at the university to take part in the exercises in honor of the installation of John Casper Branner, the new president of the university. As it had been the desire of the trustees to make the formal installation of President Branner a "family affair" no outside guests were especially invited for the occasion and not a single invitation had been sent to other universities and colleges when they were informed by customary circular of the administrative changes at Stanford.

At the installation ceremony there were addresses by Timothy Hopkins, president of the board of trustees, President Branner, and by representatives of the faculty, the alumni and the student body. After the installation exercises a luncheon was given by the trustees to the members of the faculty. The program for the rest of the day included a reception in honor of President and Mrs. Branner in the afternoon and a social gathering arranged by the undergraduates.

John Casper Branner, who today became the successor of David Starr Jordan, the famous ichthyologist, as president of Leland Stanford, Jr., university, is a noted geologist, and has been connected with that institution for many years. During the absence of President Jordan in 1898-99 Mr. Branner had been acting president and since then he held the position of vice president. When President Jordan, who had been at the head of Stanford university since 1891, retired, Mr. Branner became his logical successor.

WORKERS REST ONE DAY WEEK.

New York, Oct. 1.—The new state law passed by the legislature at its last regular session and which requires all employers to give to their employees one day of rest a week, went into effect today. Many big concerns and corporations, which had heretofore kept many of their employees at work seven days in the week, anticipated the going into effect of the law and made such changes as were necessary to give every one of their workmen and other employees one free day a week without interfering with the continuance of the work on Sundays. The street railway lines, the hotels and restaurants, cigar dealers, etc., were in most cases compelled to engage additional help to make it possible to obey the law without interfering with Sunday work.

HIGHER RATES FOR GRAIN STORAGE.

Montreal, Que., Oct. 1.—The increase in the grain storage rates recently ordered by the harbor commission and approved by the cabinet council of the government, went into effect today. The new rate will be three-tenths of a cent per bushel and the time for free storage at the elevators is reduced from thirty to twenty days. It is hoped to prevent this change in the rates the constant reduction in the rates which usually followed the coming in of large quantities of grain after the harvest.

AUTOMOBILE NOTES

The Mises Mayfield residing in the west part of the county, visited the city yesterday in their Overland car.

O. E. Petefish and some friends rode to the city yesterday from Litchberry in Mr. Petefish's International car. He took home Mrs. Murray, who has been at Passavant hospital.

W. E. McCullough of Riggsdon visited the city yesterday in his Case car. He had a bad puncture on the way.

J. H. Huntsmeier, accompanied by Walter Beddingfield, came in from Concord yesterday in his Carter car. J. B. Cooper of Concord arrived in the city yesterday from Springfield in his Reo car.

A company of four tourists of Metropolis, Ill., arrived in the city yesterday in a Hudson car and went westward. They were unwilling to tell their names, seeming to fear some kind of trouble, though the driver said his name was George Washington Hamilton.

Howard Henry and family, residents of Woodson, drove to the city yesterday in their International car. C. N. Priest, the Ford man, is moving to his new quarters, the Sample room on South Main street.

Dr. H. M. Hopkins and W. A. Crow, chauffeur, arrived in the city yesterday from Carterville, Ind., in a McFarland six roadster, which is a fine one. It has a record of 115 miles an hour on the Indianapolis speedway and won the cup in the 250 miles race at Atlanta. It was racing on the Indianapolis speedway when a wheel gave way and the machine made a bound and landed on the wall four feet high and then bounded back to the track, smashed all the wheels, but fortunately injured no one. It is the expectation to take it to the state fair at Springfield.

Mr. and Mrs. E. E. Ely of Harrington, Kan., arrived in the city yesterday in their Ford machine, having gone through here a few weeks ago on their way to St. Thomas, Canada. They visited Detroit, Niagara Falls and several other important places. Mr. Ely said he had traveled 1,445 miles with but one puncture and the hind wheels had Kansas air in them. His best run was 291 miles a day easily, though he generally satisfied himself with 150. He came here yesterday from Atlanta, Ill., about 99 miles and arrived between 3 and 4 p. m. He encountered considerable mud in some places, but pulled through it. He went out headed for Winchester.

WANTS FEDERAL CONTROL.

Washington, Oct. 1.—Immediate legislation to place under federal control the construction of all bridges and their approaches, and to prevent encroachments upon channels in tributaries of navigable rivers was recommended in a report submitted to Secretary Garrison today by the board of army engineers appointed to investigate the floods which devastated the Ohio valley last spring. Artificial contraction of river channels and their adjacent flood plains which caused the disaster the board declared can be prevented only by systematic, comprehensive control by the central government without interference from the state authorities.

WARNING TO AUTOISTS.

Autoists who drive past the tent where the revival meetings are in progress, with the cut out open have caused so much annoyance that Chief Davis has detailed an officer to be on duty at the tent every night. Any autoist who makes an unnecessary noise with his machine in the vicinity of the tent will be arrested. For the most part the annoyance has been caused by thoughtless drivers, no doubt, who had no idea how their chugging cars were interfering with the meetings.

FOUR ALIENISTS EXAMINE SANITY OF HANS SCHMIDT

Confessed Murderer Closeted With Physicians For Two Hours—Will Report To District Attorney.

New York, Oct. 1.—Disheveled, unkempt, without collar or tie with the neck band of his shirt thrown open, Hans Schmidt the confessed murderer of Anna Aumuller, was taken from his cell in the Tombs prison today, for an examination as to his sanity conducted by four alienists in the office of District Attorney Whitman. Schmidt was dosed with the alienists for two hours. Another examination by the alienists will be held Friday after the coroner's inquest into the death of Anna Aumuller. On the report they will make to the district attorney will depend the course to be taken in the prosecution of Schmidt.

MANY PLEAS FOR LOW RATES.

Chicago, Oct. 1.—The Transcontinental Passenger association met today at the Transportation building to consider a large number of applications for reduced fares to conventions and other gatherings in different parts of the country. Among the meetings for which low fares have been asked are those of the National Federation of Musical clubs in Los Angeles, May, 1915; Grand Lodge of the Theatrical Mechanical associations of the United States and Canada, San Francisco, July 12, 1915, and General Grand Chapter, Royal Arch Masons, San Francisco, August, 1915.

NEW REGISTER OF TREASURY SWORN IN.

Washington, Oct. 1.—Gabe L. Parker, a descendant of the Choctaw tribe of Indians, took the oath of office this noon as the new register of the treasury of the United States. He was born in Oklahoma 36 years ago, received a good education and became superintendent of the Armstrong academy, an Indian school in Oklahoma. He is the first man of Indian blood who ever held so important an office.

BROTHERHOOD OF ST. ANDREW.

New York, Oct. 1.—More than five thousand delegates, gathered here from many sections of the United States and of Canada and from a number of foreign countries, were in attendance when the 28th national convention of the Brotherhood of St. Andrew was called to order this morning at Carnegie hall. The brotherhood is a men's organization in the Episcopal church, started 25 years ago, to pray for the spread of Christ's kingdom, and to make stated efforts to bring other men to Christ through the church. The organization has many thousands of members in America and in other countries. The convention will continue through the week and will reach its close on Sunday next. There will be but two business sessions, while the rest of the time will be devoted to conferences on methods of work, inspirational meetings, devotional services, several mass meetings and the celebration of the corporate communion.

MOTHERS! IF CHILD'S TONGUE IS COATED

If Cross, Feverish, Constipated, Bilious, Stomach Sour, Give "California Syrup of Figs."

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat, or any other children's ailment, give a teaspoonful of "California Syrup of Figs." then don't worry, because it is perfectly harmless, and in a few hours all this constipation, poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup company." Don't be fooled!—Adv.

WEDNESDAY RACE CARD
A TOP NOTCH FEATUREJ. C. CRABTREE'S LADY MAUD C.
WONDERFUL RACER.

Card of Three Events Keenly Contended, the Second and Third Races Being of the Hair Raising Kind—Close Finishes and Hard Drives to the Wire Ruled the Day Upon a Fast Track.

Wednesday afternoon the Jacksonville Driving Club served the very best matinee card of the season at the South Jacksonville race course. There were three carded events, two pacing and one special trot, added to the three one mile exhibition pace heats by the world's champion pacing mare, Lady Maud C., owned by J. C. Crabtree of Taylorville. There was no lag in the excitement from the beginning of the first heat in the first race until Paul S. won the last race in the fourth heat in a terrific drive to stall off the determined challenge of Billie Cochran, who was hard pressed by Marie Lacey.

The weather was ideal for racing, the track was lightning fast, but the attendance was not at all in keeping with the excellent conditions and the card furnished by the officials of the driving club. Perhaps the date and the season had something to do with the small attendance. Many people are preparing to attend the state fair at Springfield and the farmers are too busy to attend the races, but it is a safe prediction that there will be no such close and exciting finishes at Springfield as marked the racing at the local track Wednesday afternoon.

The first race was a corksler all the way. Don Hal won in straight heats, but young Mr. Massey, who was in the seat behind him, did not have a walk-over by a long ways. Every heat he won he captured only after a driving finish. In the second heat at the wire a small blanket would have covered Don Hal and Lillian D., driven by J. W. Woods. In the third heat the winner was pushed to the last ounce to beat out Brother Will, handled by Clark Green. Summary:

Don Hal (Charles Massey) 1 1 1
Brother Will (C. Green) 2 3 2
Lillian D. (J. W. Woods) 1 3 2
Time: 1:04, 1:05½, 1:06¾.
The second race, a special trot, was a thriller from start to finish, and five heats were necessary to determine the winner. Sterling Dillon was scratched in this race, leaving the battle between Motorcycle, driven by George Goebel and Joe Custer, who was piloted by H. H. Massey. In all five heats the horses went over nearly the entire course side by side, except in the third and fifth. In the third Motorcycle broke in turning into the back stretch and lost much ground before Goebel could get him into pace again. When he did get down Massey was compelled to urge Joe Custer to get to the wire with a length and one-half to the good in 1:07¾ for the half. In the fifth at nearly the same spot Joe Custer took a flight, and before he could again get his stride Motorcycle had the heat and race about won. Summary:

Motorcycle (George Goebel) 1 2 2 1 1
Joe Custer (H. H. Massey) 2 1 1 2 2
Time: 1:10, 1:09¾, 1:07¾, 1:07, 1:11.
There were two scratches in the third race, a special pace—Jennette C. and Black Joe leaving Paul S., owned and handled by J. W. Woods, Marie Lacey, driven by R. W. Lacey, and John W. Clary's Billie Cochran, behind which was Clark Green. This was the exciting race of the day. The Clary horse was in unusual bad humor and it was next to impossible to get him in pace, Clark Green having his hands full of trouble throughout the four heats it took to land the winner. When the horse did get down he showed more speed than anything else in the race; but he would not remain content in a pace. J. W. Woods with Paul S. was third in the first heat, behind Marie Lacey and Billie Cochran, but took the next three after a moderate stretch drive. Summary:

Paul S. (J. W. Woods) 3 1 1 1
Marie Lacey (R. W. Lacey) 1 2 2 3
Billie Cochran (Clark Green) 2 3 2 3
Time: 1:10, 1:09¾, 1:10¾, 1:09.
Between heats in the first and second races, Lady Maud C., hitched to an old fashioned bicycle sulky in which was seated her owner, J. C. Crabtree, was introduced, and unopposed by a running mate, the champion mare negotiated the two half mile circuits in 2:15¼. After the second heat of the third race, with Clark Green seated in a modern sulky, the beautiful racing trot, again unaccompanied by a pacemaker, stepped the mile in easy fashion in 2:09 flat. Just before the last two heats of the day her owner again appeared with her, drawing the old-fashioned ice wagon, and jogged her to a mile in 2:30.

A more beautiful racing machine never was exhibited than Lady Maud C. Intelligent and handsome, she appears not to pace but to glide over

GREGG HOLDS TIGERS TO
FOUR HITS AND NAPS WIN

Cleveland Easily Defeats Detroit 8 to 1—Cobb Scores Tigers' Only Run in the Ninth.

Detroit, Oct. 1.—Vean Gregg held Detroit to four scattered hits today and Cleveland, continuing their desperate although nearly hopeless fight for second place, won 8 to 1. The Cleveland southpaw blanked the Tigers until the ninth, when Cobb beat out an infield hit, stole second and third and scored on Gregg's poor throw to catch Veach off first. The score:

the loam of the track. No urging, no whip is necessary. Hitched to a sulky she knows what she is there for and goes about her business in the easiest sort of way. The mare is 12 years old, and is by Chitwood out of Nanetta, she by Norris. Lady Maud C. established her world's record at Phoenix, Ariz., four years ago. The time was given at 2:00¾, but Mr. Crabtree, with others, maintains that the correct time was 1:59½, the Phoenix officials making the former time, 2:00¾, in order to deprive Mr. Crabtree of a \$2,500 bonus for lowering the 2 minute record. Lady Maud C. is a full sister of Hedgewood, and, with her brother, holds the world's team record driven to a "wagon," 2:02½, negotiated at Grand Rapids two years ago.

The officials of the meet were Dr. C. R. Thomas of Rodhouse, Charles Melior of Rodhouse, and Frank Walther, judges. Paul Thompson, William Creasey and George Craig were the timers.

STRAIGHT SHUT OUTS

AGAIN TRIM PHILADELPHIA CUBS BY 1 TO 0 SCORE.

Second String Men of the Athletics Give the Senators Good Battle But are Unable to Hit, Securing Only Three Bingles During Contest.

Washington, Oct. 1.—Washington made it three straight shutouts by winning from Philadelphia today 1 to 0.

Again the champions played none but second string men but they forced the locals to hustle in order to win. Score:

MOTOR MAKES RECORD TIME.
London, Oct. 1.—A thirty horse power motor car covered 1,078 miles, 460 yards in twelve hours at the Brooklands track today. This beats the best previous record—914 miles, 640 yards—made by W. G. Scott over the same course last May by more than 163 miles.

CANCEL ENTIRE SCHEDULE.
Northfield, Vt. Oct. 1.—The cancellation of the entire schedule of the Norwich university football team because of the death of Halfback Vernon Belyea, was announced today. Belyea's death resulted from injuries received in a game with Holy Cross Sept. 24th.

EASY TO GET BET ON
WORLD SERIES GAMES

ODDS ARE NOW EVEN ON GIANTS AND ATHLETICS.

Until Doyle and Snodgrass Were Injured the Unusual Situation Prevailed That Bettors in Philadelphia and New York Were Willing to Give Odds on Their Home Team.

New York, Oct. 1.—Betting on the outcome of the world's series baseball games, which open in New York October 7, started at 10 to 6. It mattered not whether the odds were wanted on Philadelphia or New York, 10 to 6 were the figures. That is the better happened to be in Philadelphia when the National Commission announced the date for the opening game, there was money to place on the Athletics at 10 to 6; if he happened to be in New York the odds were 10 to 6 that the Giants would win.

Hence the unusual situation prevailed that bettors in both cities were willing to give odds on their home teams. This situation obtained for several days until Larry Doyle, captain of the Giants, was injured in an automobile accident and center fielder Snodgrass strained a tendon in his leg. Reports that Doyle and Snodgrass might be unable to play in the series were instantly reflected and bettors in New York were unwilling to risk more than even money on their team in the face of these reports.

By far the greatest amount of money placed in the first few days after the opening date was announced was in so-called freak bets. There was no end of these. Reports from Chicago were that a bet could be had on anything pertaining to the games, and the following were quoted as some of the odds given on bets made there.

Even money on the Giants and Athletics.

Two to one that Bender does not win one game.

One to one that Bender does not win two games.

Seven to five that Mathewson does not win one game.

Three to one that Mathewson does not win two games.

Twenty-five to one that the series goes over four games.

Two to one that the series does not go seven games.

One hundred to one that the Giants do not win four straight.

One hundred to one that the Athletics do not win four straight.

In New York one bet was recorded at odds of four to five, that Mathewson would pitch the first game.

Another bet was reported at even money that Demaree would win his first game. A third bet was that the series would go six games. This bet was also at even money.

One Giant enthusiast offered one to four that the Giants would win the first three games but found no takers.

Infinite were the variations on which the early betters laid their money. One man bet even money that the Athletics would make more runs during the total games that the Giants would. Another offered even money that the Athletics would lead in hitting.

In both New York and Philadelphia the usual plaint was heard that plenty of money was being offered on the home team without takers.

WHITE HALL DRIVING CLUB HOLDS
LAST MATINEE OF THE SEASON

The last racing matinee of the season, given by the White Hall Driving Club, was held at Pine Grove stock farm near White Hall Wednesday afternoon when a program of four good races was held. The attendance was about four hundred, which is rather small compared with the number attending the previous meets, the officials attributing this to the matinee held in Jacksonville and the Carlinville fair. Another drawback was the fact that Maxine Dillon, a horse which has been entered in a number of the meet, is now on a tour through Arkansas.

SOME OFF-SIDE CHUTES.

Rumors are rife that McGraw in the globe trotting with the White Sox will take but two of his regular Giants on the tour—Eddie Grant and Harry McCormick. If this be true, there is a lot of good sense to the decision on the part of Muggsy. Those players who make the trip and return to New York next March, will, beyond a doubt, be useless in next year's campaign, and the New York leader is wise in taking the other fellows' players on the journey.

Since clinching the American league pennant Connie Mack has been resting his regular line-up and chucking his recruits into nearly all of the remaining games. This may be wisdom upon the part of the cunning MackBendy, but it is a square deal to the baseball public, who pay the freight and make commercialized baseball possible.

After seeing Chappell cavort about the left garden for the White Sox, one is convinced that Comiskey did not get quite as big a piece of citron as is generally supposed. True, the \$18,000 bounty is waiting him the bill as it was expected he would, but in the field he is a whale. Nothing gets by him, and he covers more ground than any fielder in the league. He has a grand position at the plate, and Kid Gleason predicts that next year he will deliver the goods with the willow.

Willie Ritchie was at the ringside in Milwaukee Monday night during the McGorty-Klaus go, and although the recognized light-weight champion, his presence was hardly noted by the immense crowd which packed the Elite arena. The writer had a seat hard by the champion, and in a short conversation Ritchie informed him that his hat was in the circle and that he would meet all aspirants who would measure up to his demands, which is equivalent to saying that he is going to pick his own fruit. He looks in the best of physical condition, and he evidently is going to keep so, because none of the light-weights who are likely to fuss up that condition are going to be given an opportunity.

The Wisconsin boxing law is one of the best articles ever placed upon a statute book looking to the control of the fistie game. Witnessing the Burns-Walters go at Kenosha last Friday night, and the McGorty-Klaus bout at Milwaukee on Monday night, the writer is convinced that if the law as enforced in these two contests is carried out all along the line the people of the Badger state will have no cause for complaint. The boxers are thoroughly examined by a capable physician, the sixteen foot rings are heavily padded beneath a canvas covering, and all ring posts are protected by layers of cotton, so that in the clashes there is little chance of serious injury to the contestants.

The recent Gunboat Smith-Sam Langford fiasco in New York city has raised quite a howl in the metropolis. The Frawley law does not permit matches of a mixed character—that is between white men and those of any other color. Around New York there are a pair of Chinese and three Jap adepts of the fistie art who have been allowed time and again to mix it with their white brethren without interference; but when Sam Langford, one of the best colored men in the game, endeavors to hook up with one of the white hopes the shutters are immediately pulled down. The eastern boxing fans have become tired of that sort of law and are clamoring for the repeal of the Frawley enactment. The men who are behind the movement, however, are not the kind that the lawmakers are apt to worry much about unless it be to crab the entire outfit and kill all existing laws governing the sport. The Frawley act can be so amended that certain obnoxious features may be eliminated, but the appeal will have to come from persons with clean hands, because the author, Senator Frawley, is himself clean and a lover of clean sports.

There is much opposition to the proposed Ritchie-Leach Cross go in New York next month. The Empire state boxing commission are not going to be in a hurry about issuing the license, because the champion is regarded with suspicion in the east.

McGraw is in hopes that Larry Doyle, who was injured in an automobile accident last week, and Snodgrass, who sustained a charley-bone in sliding into a base, will be able to appear in the world's series. All fandom will hope with McGraw for the best; but it would be wisdom upon the part of the Giants' captain in the future to try some other means for getting into shape for a championship battle. Attempting to climb a telegraph pole with an automobile will never get him anywhere but into a hospital. As to Snodgrass' charley horse, his admirers are hoping it is not a half-brother to that nightmare he embraced in the last game in Boston one year ago, and which was the cause of the beaners walking away with the long end of the kale.

Knox County Farm For Sale

Knox county is in the center of the great corn and blue grass region of northeast Missouri. Edina is the county seat, a little city of two thousand people and located just forty miles west of Quincy, Illinois, on the Q. O. & K. C. R. R. Edina is a thriving little city, all branches of business represented, has four banks, eight churches, one of which, a Catholic church, the largest in Missouri outside of the larger cities; a good public school that articulates with the University of Missouri; two parochial schools under a thorough management.

Our little city is on a high elevation overlooking the deep rolling prairies surrounding us.

I am not a land agent, I own this farm and desire to sell it and hence have placed a price where it is bound to sell.

This farm is seven miles north of Edina, four miles from Baring, a town of 500 people on the line of the great Santa Fe R. R., and is one and a half miles from the town of Fabius on same road, all of which furnish good trading points and splendid shipping facilities. One-half mile from school on a good public road; phone connections all over the county, free mail delivery at the door. A nice five-room cottage, mostly new, with cellar 14x8 ft., barn 36x40 ft., large enough for the farm, with loft room sufficient for 25 tons of hay; also corn crib of 1200 bushels capacity, with shed room on two sides; all kinds of fruit of the best variety. This farm is well watered, 230 acres in this farm, all under fence and in a high state of cultivation except 80 acres, which is in timber and blue grass pasture; and is gently rolling, just enough to carry off the surface water. It is well fenced with woven wire into four separate fields. 40 acres is now in meadow; 15 acres pure clover; the remaining 145 acres under the plow this year. I have endeavored to sell my own farm and have adopted this method of doing it. My price is \$75 per acre, on easy terms, if taken in thirty days.

1500 ACRES SANGAMON COUNTY
FARMS
IN 14 and 160-ACRE TRACTS
TUESDAY, OCTOBER 21,
AT PUBLIC AUCTION.

In order to close the estate of the
late Charles Ridgely, we will, on the
above date, offer on the premises, at
10 o'clock a. m., the following choice
farms:

The Poley farm of 880 acres, 2½
miles southeast of Auburn (T. 13 N.
R. 6 W., Sec. 25, 26 and 36), with
three sets of good improvements.
The Rawson lands, 474.43 acres,
at and near the village of Lowder (T.
13 N., R. 7 W., Sec. 23 and 25), with
three sets of improvements.
Every acre of this land is in cul-
tivation and has for years been skill-
fully farmed with a view of conserv-
ing its fertility. Well tiled, well im-
proved, strictly choice prairie farm
land. Will be offered in such small
lots as it can be advantageously di-
vided into to suit bidders, and in
larger lots.

COPPER LEADS MARKET IN UPWARD MOVEMENT

DECLINE IN PAST TWO DAYS IS EFFECTUALLY CHECKED.

Market Opens With General Advance Due Largely to Rise of Stocks in London—Develops Strength as Session Progresses.

(By Associated Press)
New York, Oct. 1.—Under the lead of the coppers, which made the best showing of any group in the market, stocks moved upward today. Union Pacific, Reading and Canadian Pacific rose a point each but the advance in general was small and its chief significance lay in the fact that the decline of the previous two days was effectually checked.

The market opened with a general advance, largely in response to the rise of American stocks in London. Bear traders renewed their attack again centering their efforts on steel which was depressed under yester-
day's low price. The other active shares also were hammered but the resultant decline failed to bring out stocks. Instead a better demand appeared, the lower levels. The market moved irregularly for a time but gradually developed strength.

The undertone was strong during the remainder of the day.

SUB-COMMITTEE NAMED
FOR STUDENT ASSOCIATION

Pupils and Members of High School Faculty Included in Appointments Yesterday.

Announcement was made at a business session of the student organization of the high school yesterday of the subcommittees of the executive committee of the organization. The committee appointed to make the report by Prin. C. E. Collins consisted of Miss Helen Cafky, Mrs. Elizabeth Koch, Everett Reynolds, Miss Marian Russel, Paul E. Morrison.

The appointments follow, the same being confirmed by the association: Finance committee—Paul E. Morrison, chairman; Miss Anna Brown, W. H. H. Huber, Mrs. Elizabeth Koch, Miss Isabel Baldwin.

Musical committee—Goodrick, chairman; T. P. Carter, Miss Grace Hoffman, Agnes Rogers and Miss Emma Thornborrow.

Social committee—T. P. Carter, chairman; Miss Isabel Baldwin, Miss Sophronia Kent, Miss Anna Balke, Miss Emma Thornborrow.

Class committee—Miss Helen Cafky, chairman; Misses Ione Keuch, Marie Scott, William L. Allcott, Miss Anna Day, Paul E. Morrison, Agnes Rogers, T. P. Carter, Miss Sophronia Kent.

Literary committee—Miss Helen Cafky, chairman; Miss Ione Keuch, Marie Scott, Agnes Rogers, Anna Day, Esther Davis, Byron Carpenter, Frank Gruenewald, Dale Boxell and Harlan Williamson.

Paper committee—Miss Elizabeth Russel, chairman; Misses Minnie Balke, Henrietta Lyman, Ruth Badger, Marian Russel and George Coe.

Athletic committee—H. M. Buland, chairman; William Allcott, Miss Anna Brown, Paul E. Morrison and Everett Reynolds.

Perhaps of all the committees that of the literary will be the busiest during the entire school year, as they will have charge of the organization of the two new literary societies, debating, oratory, writing of essays, and the students expect to put on at least two plays during the year.

Fifteen eighth grade pupils have paid their dues to the student organization and the work is starting off in splendid shape.

FIRST STUDENT MEETING AT LINDEN COLLEGE.

Football, the Rambler, tennis, the college band and the preservation of college property were among the subjects discussed Wednesday morning at Linden college at the first meeting of the student body this year. The purpose of the \$100 fund set aside by the faculty for the athletic association and the duties of the students in keeping college property in good condition was explained to the new men.

In an address on football, Coach Harmon urged as many men as possible to come out. He spoke of the work of the second team which is fast completing a strong schedule and announced the meeting with Carrollton Oct. 11. The meeting was in charge of Robbins Russell, president of the student association.

Don't overlook Garland & Co.'s big showing of sweaters.

VALUABLE HOSPITAL ADDITION.

Our Savior's hospital has recently equipped the operating room with an apparatus for the administration of nitrous oxide gas and oxygen. This is the latest apparatus used in anesthesia and has been perfected by Dr. Crile of Cleveland. Its great value lies in the rapidity and ease with which the patient is put to sleep, as it takes but about thirty seconds and the patient is not aware of the odors of the anesthetic. It is supposed to be the safest anesthetic known to-day and greatly lessens the shock of severe operations. It is given in conjunction with ether in prolonged operations.

BUSINESS CHANGES AT ALEXANDER.

F. B. Six, who has been conducting a grocery on the south side in Alexander, has purchased the grocery of S. D. and K. V. Beerup in Alexander. Mr. Six's store was included in the trade and it is understood that Mr. Beerup intends to open a restaurant in the building.

SALE OF HAIR GOODS

Continuing All Week.

\$5,000 Worth of Human Hair

At Almost Half Value.

After many weeks of correspondence and much expense we have secured the agency for the finest human hair goods ever brought to this country. In order to introduce this beautiful hair to the women of Jacksonville and vicinity the importer's demonstrators will be at our store Monday and the balance of the week, and will offer the best

Switches at Almost Half Price

All goods represent the very highest standard of quality, durability and workmanship; guaranteed strictly sanitary; by their fineness and beautiful lustre reflecting all the health and vigor of the sturdy peasant girls of sunny France, from whom they came.

Never before have the people of Jacksonville had the opportunity to make selections from such a large quantity of naturally wavy human hair; the collection is so large that any shade of hair can be matched perfectly.

\$5,000 Worth of Fine Hair Goods

—more than has ever been assembled at any one time in all other Jacksonville stores combined.

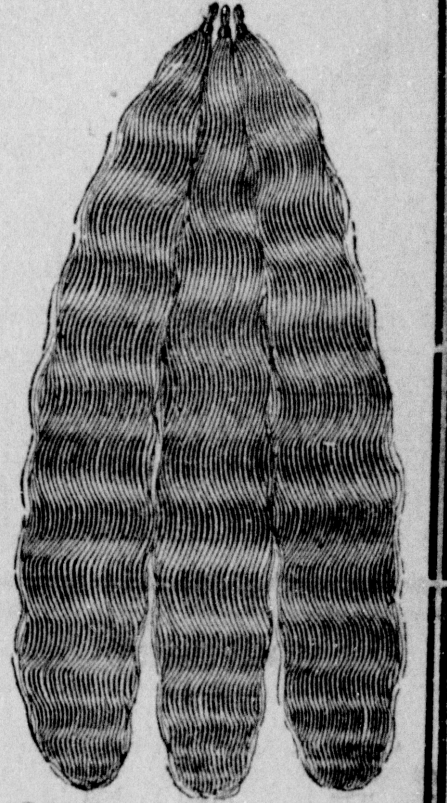

Even if you don't need hair goods at this time you will surely want to come and see this wonderful display. There has never been anything like it in this part of the state. Even the larger cities seldom if ever have such a fine collection of hair goods on exhibition.

In gray switches we excel, and women who haven't been able heretofore to secure a good match will find at our store now the exact shade required, as soft, and silky as your own hair.

Free Samples Urlico "Ashes of Roses"

Every woman visiting Montgomery & Deppe's during this demonstration sale of hair goods will be given samples of Urlico complexion and "Ashes of Roses" face powder free of all cost or obligation to purchase. This is a most generous offer, and we invite every woman who reads this notice to avail herself of this opportunity to try these remarkable "helps to beauty" at our expense.

MONTGOMERY & DEPPE

"Years of Experience Have Proven to Me That the MAJESTIC Range IS the Best"

"Strange, that for years, I couldn't see that trying to get good work from an old, worn-out range, merely to save the price of a new one, was not true economy. My Great Majestic has more than earned its cost in the saving of fuel alone, because the open seams and joints in my old, worn-out range where the bolts were loose and the putty had crumbled away, made me burn twice as much fuel as necessary.

"Talk about luck in baking—"luck" is nothing but good oven and my Majestic oven is simply perfect. I can depend on it absolutely every day. I believe father and the children are happier and I know we have better meals at less expense with our Majestic.

Don't Buy Any Range Sight Unseen

Buying a range isn't an every day transaction. To be absolutely sure of complete satisfaction—don't buy from printed descriptions—see the Great Majestic (dealer in nearly every county in 40 states) compare it point for point with any other range. Then you can buy intelligently and be sure of a range that will last a lifetime—this

Great Majestic Malleable and Charcoal Iron Range

A Perfect Baker—A Fuel Saver Outwears Three Ordinary Ranges

ONLY range made of malleable iron and charcoal iron. Charcoal iron WON'T RUST LIKE STEEL—malleable iron can't break. Put together with rivets—joints always absolutely tight. Body lined with pure asbestos board, covered with iron grate—you can see it—insuring a dependable baking heat with half the fuel required in ordinary ranges.

All Copper Movable Reservoir—Other Exclusive Features Reservoir in direct contact with fire, heats through copper pocket present from one piece—exclusive patented feature. Open thermometer—accurate all the time. All doors drop down and form rigid shelves. Opened ash pan—ventilated ash pit—ash cup. Contains Greatest Improvement Ever Put in a Range. Increasing strength and wear of a Great Majestic more than 100% at a point where other ranges are weakest. Ask about it. Best range of any price. We can furnish any size or style with or without legs. Come in and let us show them to you.

HEAR REV. MR. THRAPP IN CHICAGO.

When the Rev. Russell F. Thrapp spoke last Sunday in one of the Christian churches on the South Side of Chicago he addressed seventeen former members of his congregation in Jacksonville. The reunion of so many old friends on such an occasion, it is needless to say, was pleasant in the extreme. After the services the party of seventeen, with their pastor, went to a 47th street cafe and took dinner together.

MORTUARY

Casson.
Agnes Casson, colored, infant daughter of Mr. and Mrs. James Casson, was found dead in bed by her parents Wednesday morning at 9:30 o'clock at the family residence, 336 East Wood street. Coroner George W. Wright held an inquest and after taking the testimony of the parents the jury returned a verdict attributing death to natural causes, the result of a weakness and illness which existed since birth. The father testified that he was up with his wife, who is ill at 4:30 o'clock Wednesday, and the child was alive, but when he got up at 5:30 o'clock it was dead. The testimony of the mother corroborated that of the father. The jury was composed of John Tuite, foreman; Charles H. Bedele, H. Perry, E. H. Redburn, Jarret Seymour and John W. Priest, clerk.

You will find better clothes at Garland & Co.

SECRETARY WOODS OPPOSES PINDELL

Sends a Vigorous Protest to United States Senator Lewis Against the Appointment of Peoria Editor to Russian.

Springfield Register: Secretary of State Harry Woods, in the following letter to United States Senator James Hamilton Lewis, protests in a vigorous manner against the appointment of Harry M. Pindell of Peoria as United States envoy to Russia. Secretary Woods' letter follows: "Springfield, Ill., Sept. 29, 1913. "Hon. James Hamilton Lewis, Washington, D. C.
"Dear Friend Lewis: It seems to me that in view of the fact that Henry M. Pindell of the Peoria Journal is supporting the candidacy of Puterbaugh, the Republican candidate for supreme court judge, against Hon. Charles C. Craig, the Democratic candidate in the Fifth district, that he is not a fit Democrat to represent this country in any foreign section. There are many loyal Democrats to fill all positions and it is time that these bi-partisan combinations be broken up in this state. If double crossers are to be recognized nationally, as they are being recognized in our state, there will be little hope for Democratic victory in Illinois in the future.
Yours very truly,
"Harry Woods,
"Secretary of State."

AUTHORITIES SECURE SECOND CONFESSION FROM MRS. TECKWOLD

Declares She Had Murdered One of Her Eight Children, Attempted to Kill Another and Her Husband Within the Past Month.

Minneapolis, Oct. 1.—In a second confession according to Chief of Police Oscar Martinson and County Attorney James Robertson, Mrs. Ida Leckwold, today declared that she had murdered one of her eight children, attempted to kill another and to take the life of her husband, within the past month. Four other who had died within the past eight years had died from natural causes. In a confession made last night the police claimed that Mrs. Leckwold told of killing all of them. In her story today she implicates a man whom she says inspired her to "get rid of her entire family."

The woman admits that she killed her 9 year old daughter Viola, who died on Sept. 8, and that she attempted to take the life of her 12 year old son, Willie, who with Ethel, 11, are the only ones of the eight who survive. She declared that she also attempted to poison her husband, Ole Leckwold, the husband who was held at the police station pending his wife's statements was later released.
